

has holes which align with the horizontally aligned holes in the post, and a top cover moulding (17) is fitted to the post prior to attachment of the other display frame components.

Claim 61 (new) A display frame (1) as claimed in claim 60, wherein two sets of aligned holes (7) are provided in spaced relation, one above the other with a threaded rod or pin (9, 11) inserted and retained in each set of aligned holes.

REMARKS

Applicant has amended the application and submits that substantial care has been taken to avoid the introduction of any new subject matter into the application as a result of the foregoing amendments.

In particular, Applicant has cancelled claims 1-31 and added new claims 32-61. Applicant submits that the specification is replete with support for such claims. Thus, it is respectfully submitted that claims 32-61 introduce no new matter and are otherwise proper.

In light of the foregoing, Applicant respectfully submits that the Application is in *prima facie* condition for allowance at the present time. Accordingly, Applicant respectfully requests consideration of the present application and passage toward issuance thereof.

Respectfully submitted
